

## Annual Report 2006

## Our Mission

To provide information, assistance and advocacy to protect and sustain human health and the health of the environment

### Helping people:

- protect themselves from serious environmental threats,
- influence corporate, government and personal actions,
- avoid both imprudent complacency and unnecessary alarm.

## Program Areas and Projects

### Healthy Indoor Environments

- Lead hazards and asthma triggers
- Safer and more effective pest control
- Healthy homes for children and the elderly
- Health hazards in substandard housing

### Global Warming, Air Pollution & Chemical Accident Prevention

- Community strategies for greenhouse gases and other air pollutants
- Chemical plant safety and security through inherently safer technologies

For 25 years, EHW has helped policy makers and the public in Northeast Ohio address the critical health concerns related to our urban and industrial environment.

EHW typically works in partnership with community organizations to develop and test model programs, that the partners can then implement and sustain.
